Re: FY14 Constable Vehicle Notification

During the budget hearing on 08/21/2013, the Collin County Commissioners' Court approved the purchase of six Ford Taurus civilian sedans to replace retiring fleet units. The Court approved equipping these vehicles with a radio, mdc mount, wig wags, strobes, rear deck lights, grill lights and one decal package only.

Also, as a direct result of this budget session, each precinct will be allowed one caged vehicle. Existing fleet vehicles with light bars, cages, siren, push bumpers, etc. will be cycled out of service through the replacement process.

According to County policy, any requests for additional vehicle equipment must be made by memorandum by department head or elected official and submitted to Commissioners' Court for approval. This includes any equipment transferred, won, donated or purchased by the individual department.

Should you require additional information, please contact me and I will respond accordingly.
